

Festive Light Experiences

A photograph of a young child, seen from behind, wearing a brown knitted sweater, dark pants, and brown boots. The child is reaching up to hang a red ornament on a large, dark green Christmas tree. The tree is densely decorated with warm white lights and red ornaments. The scene is set outdoors at night.

Decorative light
and theming is the
magic by which
we create new
experiences in
familiar places...

Light
brings people...
together!

Exceptional pulling power!

We have numerous examples that show our displays are hugely successful as a destination marketing tool, driving significant comparative footfall, dwell time, and boosting the local economy.

Festive... Fabulous-ness!

Christmas is our core business. We take great pride in making the most magical time of the year even more magical!

Read on for MK Illumination's different ways to create an unforgettable festive experience...

Highlight natural beauty

Make the most of your natural assets by hanging sparkling motifs, or wrapping branches in lights to create glorious 'real' Christmas trees.
